Player Rankings

OCC Player Rankings will be a system of rankings for Omaha Cricket Club Players based on their recent performances and indicates the players' level of competency along the lines of batting, bowling and all-round performance.

OCC Player Rankings will be a very basic system that records the runs scored and wickets taken by a player during the league matches and tournaments, and then ranks them according to the points awarded for the runs scored and wickets taken.

OCC Player Rankings will be published on the website (www.omahacricket.org) and then updated every two weeks by the Web Administrator.

Please refer below for Batting Points, Bowling Points and All Rounder Points.
